Pre & Post adventures

Want to go from "unique" to "unforgettable"?

Make the most of your trip to Iceland. Explore the nature and activities available in the land of ice and fire. We offer pre and post stays at three scout centers, including the jamboree site.

Explore the options available at each site on the next pages.

First come, first served

Some of the following offers are in limited supply. In those cases the first groups to confirm those bookings will have priority.

The sooner, the better

July is peak tourism season in Iceland and tour suppliers are in high demand. To make sure you get the excursions and activities you want, do not postpone your booking until too late.

The more, the merrier

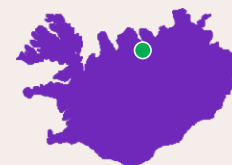

Do you have a small group? Let us know if you are open to the possibility of sharing a coach with other jamboree group, to lower the cost of transport.
